Karl, as a follow-up to my last e-mail, we are hoping that this is a very temporary situation, in that, tomorrow, when Dan Baker is back in the office, we will get with PRIWID and the attorney's and see what we need to do, and can do legally, with respect to the bankruptcy, to make arrangements to be able to continue hauling the water to PRIWID. Hopefully, I will have some news for you tomorrow.
Thanks, Kit
